

Mline® Mechanical Pipette Multipacks Convenient Combo-Pack for Your Lab

Mline® Mechanical Pipette

- Low pipetting forces
- Ergonomic finger support minimizes the grip force needed to hold the pipette
- Volume adjustment locking for preventing accidental volume changes
- Easy-to-read volume display
- Colour-coding of volume ranges for easy selection of corresponding pipette tips
- Easy user adjustment e.g. for different liquids
- Simple to clean and maintain with only three parts to disassemble
- Fully autoclavable

Sartorius Optifit Tips

- High-quality standard tips
- Excellent solution for various applications
- Versatile selection of packages and purity options
